

CONTENTS

I. Introduction	7
II. A management model: Framework	9
1. Internationalization of HEIs: What does it really mean? Definitions	9
2. Internationalisation as a Management Principle	11
2.1. Why? Competing in the Industry of Knowledge.	11
2.2. A Systematic Process	12
III. Identifying rationales	15
1. What are our motivations for internationalization?	15
i. Knight 1997, 2004	17
ii. Maringe and Gibs (2006), Maringe and Gibs (2013)	20
iii. Seeber and al (2016)	21
iv. Summary	23
2. Antecedents of Rationales. Multi-level determinants: Learning to recognize our motivations for internationalization.	24
i. The environmental level (Macro)	25
ii. The HEI level (Meso)	25
iii. The Intra HEI Level (Micro)	26
iv. Summary	26
IV. Internationalization Tools/Activities: What are the tools we have available?	31
1. Students and Staff Mobility	32
2. International Students	33
3. International Programs: Joint, Double/Multiple and Consecutive Degrees	35
4. Internationalization of the Curriculum	41

5. Campuses Abroad/Foreign Campuses	42
6. Delivery of Distance Education Courses/ On Line Programmes Abroad	46
7. Scholarships/Funding	47
8. Research Collaboration	49
V. Connection between Rationales and Tools: Are tools for internationalization universally applicable?	51
VI. Internationalization Models: Australia and China	57
1. Australia — The Economic Rationale	57
2. China — The Academic and Political Rationale	63
3. Summary	71
VII. Conclusions	73
VIII. Bibliography	75
